## Who knew zero tail swing could be this powerful?

Show up with the wrong equipment and it can be a really long day. The ViO80-1A, our largest true zero tail swing excavator, goes where bigger, clunkier machines simply can't. You get the flexibility to work effectively against buildings or obstacles without sacrificing the power to do the job right. The 56.9-hp Tier 4 Final diesel engine comes with Yanmar's legendary durability and fuel efficiency built right in. Couple that with unmatched operator comfort, ease of operation and simple maintenance and you'll always have the right machine for the job.

INTEGRATED BOOM LIGHT PROTECTED FROM DAMAGE

ANGLED CRAWLER FRAME REDUCES FOREIGN MATTER BUILD-UP

ECO & AUTO-DECELERATION MODE STANDARD

AUTOMATIC SHIFTING 2-SPEED TRAVEL

ROOMY ROPS/FOPS/OPG CABIN

## INNOVATIVE FEATURES

### True Zero Tail Swing

Yanmar introduced the world's first zero tail swing excavator in 1993. Today, our true zero tail swing technology means no part of the housing extends beyond the tracks. The entire machine operates within its tracks, so you can work efficiently almost anywhere with less damage to the machine and the worksite.

### Hydraulic Quick Coupler Comes Standard

The standard hydraulic quick coupler makes changing buckets fast and easy. With the exception of fitting and removing the safety lock pin, the entire operation is performed electronically while you're seated in the comfort of the cab. Less hassle. Less downtime. More productivity.

### A Cab Almost As Comfortable As Your Living Room

The spacious ViO80-1A cab is designed for more elbow and leg room. The standard equipment heating and air conditioning system means you can work comfortably year round. And the sturdy, sound-blocking, anti-vibration construction means a smooth, quiet ride. All it needs is a TV.
